Master of Business Administration (MBA) — Artificial Intelligence & Machine Learning
Dr. D. Y. Patil Vidyapeeth / Dr. D. Y. Patil University, Pune. Pursuing | **2026 – Present**

Bachelor of Technology (B.Tech) — Electronics & Computer Engineering
Dr. Babasaheb Ambedkar Technological University (DBATU) - Expected Graduation: **2026**

Bachelor of Arts (B.A.)
Yashwantrao Chavan Maharashtra Open University (YCMOU) - Completed: **2026**.

KEY PROJECTS:

PROJECTS

Decent Apparels — Full-Stack eCommerce Platform | [Live Demo](#)

React 19 | TypeScript | Vite | Tailwind CSS | Node.js | Express | MongoDB | REST APIs

- Developed a full-stack apparel eCommerce platform using React, TypeScript, and Vite with a responsive, mobile-friendly interface.
- Built reusable React/TSX components and implemented client-side navigation using React Router.
- Designed the UI with Tailwind CSS and integrated Motion and Lucide React for interactive elements and modern visual components.
- Implemented client-side state management for products, cart, user interactions, and application data.
- Developed Node.js and Express backend APIs following a REST-based architecture.
- Structured the application to support MongoDB/Mongoose for persistent product, customer, order, and eCommerce data.
- Created product browsing, product details, categories, shopping cart, customer reviews, and administrative management functionality.

The Soap & Soul — Luxury eCommerce Platform | [Live Demo](#)

PHP | Laravel | JavaScript | Bootstrap

- Designed and developed a premium eCommerce website for a skincare brand with a responsive, user-focused interface.
- Implemented product browsing, interactive product sections, shopping cart, checkout, payment, and custom-order functionality.
- Built interactive UI elements and responsive layouts using JavaScript, Bootstrap, and custom CSS.
- Gained practical exposure to PHP and Laravel backend concepts while working on the project.

Who Will Pay? — Interactive Utility Application | [Live Demo](#)

HTML | CSS | JavaScript

- Developed an interactive bill-splitting and random participant-picker application.
- Implemented real-time cost calculation, participant management, winner selection, settings, and history functionality.
- Created a responsive interface focused on simple and intuitive user interaction.

Masjid Mehtab Ali Shah — Institutional Web Portal | [Live Demo](#)

HTML | CSS | JavaScript | Bootstrap

- Developed a modern responsive institutional website for a waqf organization.
- Created interactive sections, prayer dashboard, donation functionality, gallery, and responsive navigation.
- Focused on clean UI, usability, and responsive design across devices.

Shah Construction — Corporate Website | [Live Demo](#)

HTML | CSS | JavaScript | Bootstrap

- Designed and developed a professional corporate website for a construction and EPC company.
- Created corporate profile, project showcase, service sections, contact/inquiry functionality, and responsive layouts.

CERTIFICATIONS & TRAINING:

- **Build a Free Website with WordPress** — Coursera Project Network, 2024
- **Business Analysis & Process Management** — Coursera Project Network, 2024
- **The AI Masterclass** — Dhruv Rathee Academy, 2025
- **Introduction to Data Analysis using Microsoft Excel** — Coursera Project Network, 2023
- **Bootcamp on Unmanned Aerial Systems** — NIELIT Aurangabad, 2024
- **Adobe Illustrator & Photoshop Training**

ADDITIONAL PRACTICAL TRAINING:

Unmanned Aerial Systems Bootcamp

NIELIT Aurangabad | October 2024

- Participated in a 5-day practical bootcamp on Unmanned Aerial Systems.
- Gained hands-on exposure to drone components, electronics, motors, ESCs, and radio communication concepts.

PROFESSIONAL STRENGTHS:

- Fast learner and adaptable to new technologies
- Analytical problem-solving
- Frontend and UI development
- Responsive web design
- Creative interface development
- Debugging and troubleshooting
- Team collaboration
- Willingness to learn backend and full-stack technologies
